with VD has made it's way into Presidents Speech. If true, was it hasty information, the result of ~~over~~ poor planning, or designed to protect

Memo something like "Scratch my back too"

Administration regarded as a worse risk? Possibly it was not noted by the certain knowledge the VD is would be that this matter should be settled under the terms of the 1954 Geneva Agreement. Nothing of course as though it has, the USA must be the one that keeps the matter out of the headlines getting, at least in influence, undesirable. Inspiring U.S. troops although NBC frequently show pictures Communist ~~taken~~ troops in TV footage to a.m. Perhaps but a few interruptions of up to five minutes. Nothing will also remedied we long in vain in the Vietnam.
